

PROCLASSIC

Thin PVC & ABS Edging

PROCLASSIC PVC & ABS 1mm edging is produced under the Proadec brand in Portugal using advanced UV resistant technology expertly matching top New Zealand panel suppliers in a range of finishes.

Features

- Woodgrain & satin/velvet finishes
- Easy clean surface
- Stain & impact resistant
- Use with PUR & EVA
- Extremely flexible for use on tight radiuses

The unique composition of PROCLASSIC allows for easy trimming whether applied by hand or through a conventional edgebander.
